

## 2013 AKA MANUAL

### ADDENDUM No. 25

Issued: 20<sup>th</sup> August, 2013

At the NKC Conference held 16<sup>th</sup> to 18<sup>th</sup> August, 2013, the following was approved and is effective immediately.

1. CHAPTER 16, NATIONAL COMPETITION RULES  
Change to rule 16.14, Winner of a Draw.

#### **16.14 Winner Of Draw:**

In the circumstances of a draw (equal points), grid positions or a final placing in an event will be determined by the AKA Competition Management System (CM;S) using the following relevant format;

- (a) When initial heat grids are allocated by computer 'random draw';  
A draw (equal points) for grid position in a section of an event, or a final placing in an event, will be determined as the competitor who has scored the highest number of first placings, then the highest number of second placings and so on throughout the relevant event. Should there still be a draw (with placings checked), the draw will be determined as the competitor with the higher placing in the most recent section of the event.
- (b) When initial heat grids are determined by timed qualifying;  
A draw (equal points) for grid position in a section of an event, or a final placing in an event, will be determined as the competitor with the faster qualifying time.
